GemBox Support Center

API support for Pivot Tables Completed

- MG Mario - GemBox
- **Forum name:** #GemBox.Spreadsheet Feature Request

Request for adding API support for Pivot Tables.

GemBox.Spreadsheet supports Pivot Tables only through the preservation in XLSX files.
This means that these elements are preserved so we don't lose any relevant workbook information when loading and saving to an XLSX format, but they are not directly supported by GemBox.Spreadsheet API.

More information about GemBox.Spreadsheet's preservation can be found on the following link:

https://www.gemboxsoftware.com/spreadsheet/docs/preservation.html
