Gembox.Presentation get custom properties of old formats Completed

- DM Daniel Mendez
- Forum name: #GemBox.Presentation Feature Request

I would like to be able to access the custom properties of a file in "ppt" format, I understand that currently it is not possible, it would be very good if you can develop this feature in GemBox.Presentation.

Hi,

This feature request has been implemented and is available in the latest versions of GemBox.Presentation.

Regards,

Mario
