GemBox Support Center

Requesting support for AIP protected files New

- RS Rushabh Shah
- **Forum name:** #GemBox.Spreadsheet Feature Request

Hello team,

We have a client wanting to use the GemBox Spreadsheet component for automation Azure Information Protection (AIP) file. Currently, these types of files are not supported.

Link with details about the encryption:

https://docs.microsoft.com/en-us/azure/information-protection/what-is-information-protection

Attaching an example of the file.

We humbly request this feature be added in the product.

Thank you.
