Support for digital sign in PDF Completed

- Mario at GemBox
- **Forum name:** #GemBox.Document Feature Request

Add support for creating digitally signed PDF files.

Attached "Hello World - Signed.pdf" is an example of the required output file.

Hi,

any news on this feature. I have been evaluating Gembox and this is the only important feature that I find missing.

Thanks for the update.

Hi,

Unfortunately, at this moment there are no plans and/or a date for this feature's implementation.

Regards,

Mario

Hi,

This feature request has been implemented and is available in the latest versions of GemBox.Document.

Regards,

Mario
