Support for RTL languages in PDF Completed

- MG Mario - GemBox
- **Forum name:** #GemBox.Document Feature Request

Request for adding support for RTL languages in PDF files.

GemBox.Document's CharacterFormat.RightToLeft property and ParagraphFormat.RightToLeft property are supported only in DOCX and DOC formats.

See their remarks:

Right to Left direction support is very basic and very very critical as we have clients beyond the geography and they are using Right to Left language.
