Support for Word themes Completed

- Docati Support
- **Forum name:** #GemBox.Document Feature Request

I see more people use the standard Word themes for styling their documents, since its so easy to use and looks good as well:

<https://support.office.microsoft.com/en-us/article/Apply-themes-to-Word-documents-5b56d5ee-d2d4-4a01-ad3a-c0abcf20f5f>

However, Gembox doesn't (fully) support it.

Otherwise, it's a great product with an even more awesome price!

Hi,

This feature request has been implemented and is available in the latest versions of GemBox.Document.

Regards,
Mario
