## Support for cross axis in charts Completed

- CR Chris Roffe
- **Forum name:** #GemBox.Spss Feature Request

I want to reverse the order of the bars compared to the original data. This can be solved in Excel by setting:

- Format Axis > Categories in reverse order
- Format Axis > Horizontal axis crosses at maximum category

For the first option, I can use [ChartAxis.ReverseOrder](#) property, but there is no cross-axis property.

Please could you add this functionality to GemBox.Spss.

Hi,

This feature request has been implemented and is available in the latest versions of GemBox.Spss (see [ChartAxis](#) docs page).

Regards,

Mario
